# COMPANY OVERVIEW

Jannat Farms is a progressive, sustainability-driven agribusiness founded by Sardar Saleem Jan Mazari, a visionary entrepreneur and forward-thinking farmer. With deep roots in Pakistan's agricultural heritage and a clear focus on modernization, Jannat Farms represents the evolution of traditional farming into a dynamic, value-driven enterprise.

Built on generations of agricultural experience, Jannat Farms embodies the philosophy that farming is not merely about cultivation — it is about innovation, quality, and value creation. Under the leadership of Sardar Saleem Jan Mazari, the company has expanded from conventional farming to a modern model emphasizing value addition, technology integration, and sustainability. Jannat Farms has also been awarded fresh mango export license in April 2025.

# VISION, MISSION & PROMISE

At its core, Jannat Farms strives to bridge the gap between farmers and consumers by delivering safe, premium-quality, farm-fresh produce while promoting better farming practices nationwide. The company's mission is to uplift Pakistan's agricultural landscape through innovation, education, and ethical business practices.

Jannat Farms stands as a symbol of trust, quality, and innovation — bringing nature's finest to your table and inspiring a more sustainable, forward-looking future for agriculture in Pakistan.

# DEHYDRATED MANGOES

Jannat Farms, under the leadership of **Sardar Saleem Jan Mazari**, a pioneer in dehydrated mangoes and leading mango exporter in Pakistan, produces premium, preservative-free dehydrated mangoes made from its own orchards. Using advanced dehydration techniques, the farm preserves the fruit's natural sweetness, flavor, and nutrients — offering consumers a healthy, farm-fresh taste of Pakistan's finest mangoes, crafted with care, innovation, and sustainable farming practices.
