COMPANY PROFILE

Suhana Dates Factory, located in the heart of Khairpur, Sindh, is a leading processor, packer, and exporter of premium-quality Pakistani dates. Established with a vision to promote the region's world-renowned date varieties globally, the factory combines traditional expertise with modern technology to deliver high-value, hygienically processed products that meet international quality standards.

Khairpur is Pakistan's largest date-producing district, and Suhana Dates Factory sources its raw material directly from certified growers and model orchards, ensuring freshness, traceability, and consistent quality. The company specializes in the processing and export of leading varieties such as Aseel, Karblain, Begum Jangi, and Dhakki, known for their taste, nutrition, and versatility in both fresh and dry forms.

The company's value-added line includes pressed dates, diced dates, date paste, date syrup, and confectionery-grade products, catering to domestic consumers and export markets across the Middle East, Europe, North America, and Asia. Each product is carefully inspected and packed to preserve its natural flavor and nutritional benefits.
